RE: Liquidation following notification of ITC negative determination of critical circumstances for certain oil country tubular goods from Vietnam for the period before 02/25/2014 (A-552-817)

1. On 09/05/2014, the International Trade Commission (ITC) determined that critical circumstances do not exist with respect to subject imports from the Socialist Republic of Vietnam. As a result of the ITC's negative determination of critical circumstances, CBP should terminate the suspension of liquidation for all shipments of certain oil country tubular goods (OCTG) from the Socialist Republic of Vietnam that were entered, or withdrawn from warehouse, for consumption before 02/25/2014 (the date of publication of Commerce's affirmative preliminary determination notice in the Federal Register). All such entries should be liquidated without regard to antidumping duties (i.e., release any bonds and return all cash deposits).
2. Notice of the lifting of suspension of liquidation of entries of merchandise entered, or withdrawn from warehouse, for consumption before 02/25/2014 (the date of publication of the Commerce's preliminary determination notice in the Federal Register) occurred with the publication of the ITC's final determination of its investigation (79 FR 53080, 09/05/2014). For all other shipments of OCTG from the Socialist Republic of Vietnam, continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates unless instructed otherwise.
3. The interest provisions of section 778 of the Tariff Act of 1930, as amended, do not apply.
